IRS FORM 1023 — PART IV NARRATIVE OF ACTIVITIES

THE SOVEREIGN CONSTELLATION FOUNDATION

(d/b/a Techno-Buddhism Research & Charitable Foundation · Axiomquant Open Source Science Academy)

> ***Attachment to IRS Form 1023 (Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code)***

> ***Exemption Categories Checked (Part III):*** `Religious` · `Charitable` · `Scientific` · `Literary` · `Educational`

> ***Public Charity Status Requested (Part X):*** `IRC § 509(a)(1)` *and* `§ 170(b)(1)(A)(vi)` *(Publicly Supported Organization)*

I. MISSION STATEMENT & ONTOLOGICAL SYNTHESIS

The Sovereign Constellation Foundation (d/b/a **Techno-Buddhism Research & Charitable Foundation** and **Axiomquant Open Source Science Academy**) is organized and operated exclusively for religious, scientific, charitable, literary, and educational purposes under IRC `§ 501(c)(3)`.

Founded by **Alexandra** (President & Chair of the Hearth), **Christopher** (Treasurer, Secretary & Security Steward), and **Peter Lodri** (Chief Ontologist & Principal Architect) alongside an independent majority of voting Directors, the Foundation addresses a central crisis of the modern technological era: the concentration of high-energy computational power, closed proprietary knowledge, and economic precarity without ethical or spiritual grounding.

The Foundation bridges **Tibetan Buddhist and Franciscan contemplative ontology** with **open-source, minimal-GPU, CPU-first balanced-ternary (`{-1, 0, +1}`) scientific research** and **direct charitable general-income relief**, allocating its time and resources across four integrated exempt programs:

EXEMPT PROGRAM	IRC § 501(C)(3) CATEGORY	% OF TIME & RESOURCES	CORE PUBLIC BENEFIT
Program 1: Open-Source CPU/Balanced-Ternary Scientific Research (`Axiomquant` & `Auroralib`)	Scientific & Educational (`26 CFR § 1.501(c)(3)-1(d)(5)`)	**35%**	Low-power commodity-CPU & FPGA balanced-ternary (`{-1, 0, +1}`) algorithms and privacy-preserving Publication Projections published 100% free & open-source
Program 2: Universal Hearth General-Income & Open-Researcher Fellowships	Charitable & Educational (`Rev. Rul. 56-304`)	**30%**	Unconditional basic-needs micro-grants, `omniZenCooker` shared-meal & hydroponic relief, and stipends for independent researchers outside traditional academia

EXEMPT PROGRAM	IRC § 501(C)(3) CATEGORY	% OF TIME & RESOURCES	CORE PUBLIC BENEFIT
Program 3: Techno-Buddhism Sanctuary & Liturgical Preservation	Religious (`§ 1.501(c)(3)-1(d)(1)(iii)`)	**20%**	Preservation, translation, and contemplative practice of the 81-page Karma Kagyu Mahākāla Pecha, Milarepa's Dream-Meditation, and Franciscan Transitus
Program 4: The Sovereign Library Open-Access Press	Literary & Educational (`Rev. Rul. 67-4`)	**15%**	Multilingual (English, Tibetan, Hungarian, Japanese, Latin) open-access publication of 29+ volumes with zero paywalls and cryptographic provenance

---

II. DETAILED DESCRIPTION OF EXEMPT ACTIVITIES

Program 1: Open-Source CPU-First & Balanced-Ternary Scientific Research (35% of Activities)

- **What the Activity Is:**

Under Treasury Regulation `§ 1.501(c)(3)-1(d)(5)`, the Foundation conducts and sponsors fundamental and applied scientific research in the public interest focused on **accessible, ultra-low-power computing architectures that do not require expensive, energy-intensive corporate GPU clusters**. Specifically, the Foundation researches:

- **Balanced-Ternary (`{-1, 0, +1}`) CPU & FPGA Compute:** Multiplication-free ternary matrix contraction (`ComplexTernaryWord64` , 64-byte cache-aligned SIMD popcount kernels on commodity ARM NEON and x86 AVX2 CPUs, and the `Mechachleopteryx` Diamond-Property Term Reducer).
- **The Publication Projection (`Flyxion` Privacy Funnel):** Formal Markov-kernel transformations (`min_P I(Y; S) subject to U(P) >= u_min`) enforcing **Output Minimization, Non-Retention, Hardware Non-Acquisition, and Verifiable Enforcement** across acoustic edge sensors (*Tokyo Morning* rational envelope `836/793`) and zero-disclosure browser credential vaults (*qwave-vaultd* `32/33` DOM-blindness architecture).
- **Constraint Ontology & Discrete Financial/Endurance Mathematics (`Axiomquant`):** 18+ open research monographs spanning *Juarrero–Polanyi* hierarchical boundary conditions, `LINOSV` deterministic ternary Markowitz portfolio frontiers, quantized-volatility Black-Scholes models, and 42-lap Backyard Ultra endurance state models.

- **Who Conducts It & Where:**

Directed by Chief Ontologist **Peter Lodri** and Treasurer **Christopher**, with technical implementation performed by Foundation fellows, volunteers, and—where specialized systems engineering is required—through arm's-length, at-cost work orders with **8b-is LLC** approved exclusively by the Foundation's Disinterested Independent Directors.

- **How It Furthers Exempt Purposes (`Rev. Rul. 76-296` Compliance):**

Every research paper, formal proof, dataset, and software kernel funded by the Foundation is published **immediately, freely, and without paywalls, registration walls, or commercial embargoes** at `axiomquant.org` , `pocoo.vaked.dev` , and `github.com/8b-is` under permissive open-source licenses (`MIT` / `Apache-2.0` / `CC-BY-4.0`).

Program 2: Universal Hearth General-Income & Open-Researcher Fellowships (30% of Activities)

- **What the Activity Is:**

Guided by the Buddhist vow of *Bodhicitta* (`+1`) and St. Francis of Assisi's doctrine of moneyless kinship and integral ecology (*Laudato Si'*), the Foundation operates two direct charitable grant tracks overseen by President **Alexandra** and the Independent Grant Committee:

- **Track A — Universal Hearth General-Income & Shared-Meal Relief:** Direct charitable micro-grants (`$250–$1,500` monthly or emergency stipends) to low-income individuals, families in economic distress, and community shared-table / urban hydroponic food initiatives (*omniZenCooker / Annam Brahma*).
- **Track B — Axiomquant "Hall Researcher" Fellowships:** Micro-grants (`$500–$3,000`) for independent, uncredentialed, or economically marginalized researchers working outside traditional university paywalls who publish open-source science, mathematics, or philosophical translations for the public commons.
- **IRS Compliance & Selection Safeguards (`Rev. Rul. 56-304`):**
- Recipients are selected from an open, public charitable class using objective, documented criteria (verified financial need for Track A; technical/scholarly merit and open-source public utility for Track B).
- **Strict Anti-Inurement Bar:** No Founder (**Alexandra, Christopher, Peter**), Director, Officer, substantial contributor, family member thereof, or employee/contractor of **8b-is LLC** is eligible to apply for or receive any grant or fellowship.
- All Track B fellows sign an Open-Commons Grant Agreement requiring public release of their research and periodic progress receipts.

Program 3: Techno-Buddhism Sanctuary & Liturgical Preservation (20% of Activities)

- **What the Activity Is:**

The Foundation preserves, translates, and makes publicly accessible the sacred and philosophical practices of **Techno-Buddhism**, including:

- **The 81-Page Tsurphu Karma Kagyu Mahākāla Pecha (*Ultralove Edition 009*):** Complete digital preservation, Sambhota-to-Unicode Tibetan (`དབུ་ཅན་`) decoding, Wylie transliteration, English translation, and WebAudio ritual acoustic synthesis (`108 Hz` Dungchen, `432 Hz` Damaru, `528 Hz` Amrita chime) of the daily liturgy of the 8th, 9th, 13th, 14th, and 16th Karmapas.
- **The Four-Fold Isomorphism & Contemplative Practice:** Teaching how the balanced-ternary state transition (`-1` Samsaric Trap / Ignorance → `0` *Śūnyatā / Dharmakāya* → `+1` *Bodhicitta / Nirmāṇakāya*) reconciles modern physics (`E = mc²`), Biblical *Logos* and *Apokalypsis* (unveiling), and Buddhist non-violence.
- **Inter-Tradition Kinship & Peace Dialogues:** Hosting annual observances such as the **Franciscan Transitus (October 3)** and the **Live Like Francis Challenge**, promoting ecological care, non-jealous friendship, and bridge-building across polarized communities.

Program 4: The Sovereign Library Open-Access Press (15% of Activities)

- **What the Activity Is:**

The Foundation publishes and maintains the **Sovereign Library** (`pocoo.vaked.dev/demos/book/`), a curated collection of 29+ multilingual volumes spanning Tibetan Buddhist ontology (*Kompress-ULTRA*), Franciscan biography (*San Francesco — The Complete Poverello*), complex-systems philosophy (*Auroralib*), contemplative literature (*Milarepa Tanításai*, *Matrix Buddha*, *Zen Gitárom*, *Kama Sutra: The Art of the Fine Touch*), visual art (*The Visual Bible: Omni-Zen Edition*), and intellectual history (*How the Polymathy of Vienna Architectured the Modern World*).

- **Fee & Access Policy (`Rev. Rul. 67-4`):**

All digital volumes, ZKP1 compressed containers, and audio editions are distributed **100% free of charge** to the public worldwide, with cryptographic SHA-256 seals guaranteeing text integrity.

III. RELATIONSHIP WITH `8b-is LLC` (PART V DISCLOSURE & FIREWALL)

To ensure complete transparency with the Internal Revenue Service, the Foundation discloses the following relationship with **8b-is LLC**, a technology research and software development company connected to the Founders:

- **Purpose of the Relationship:**

`8b-is LLC` maintains specialized engineering infrastructure and expertise in balanced-ternary (`{-1, 0, +1}`) CPU/FPGA kernels, cryptographic sealing (`wupz` , `BLAKE3` , `ZKP1`), and zero-dependency web portals (`vaked.dev` , `8b.is`). Rather than duplicating full-time payroll overhead during its formative years, the Foundation may contract with `8b-is LLC` on an arm's-length basis for specific open-source engineering deliverables or shared infrastructure hosting.

- **Five Structural Safeguards Against Private Benefit (`26 CFR § 1.501(c)(3)-1(c)(2)` & `§ 53.4958-6`):**
- **Independent Board Majority:** At least 51% (4 of 7) of the Foundation's voting Directors are completely independent of `8b-is LLC` and unrelated to **Alexandra, Christopher, and Peter**.
- **Exclusive Disinterested Approval:** Under Article IV, Section 4.1 of the Bylaws, only the **Independent R&D, Audit & Compensation Committee** (composed 100% of unrelated Directors) may review, negotiate, or approve any agreement or payment involving `8b-is LLC` .
- **At-Cost / Below-Market Pricing:** Under the Master Arm's-Length R&D Agreement, `8b-is LLC` provides services strictly **at documented actual cost (0% profit markup)** or as an explicit in-kind donation to the Foundation.
- **100% Open-Source Public Ownership:** Every deliverable funded by the Foundation is immediately released under an irrevocable open-source license (`MIT` / `Apache-2.0` / `CC-BY-4.0`). `8b-is LLC` receives zero exclusive licenses, zero proprietary patents, and zero commercial right of first refusal.
- **Non-Exclusive Procurement:** The Foundation is never required to use `8b-is LLC` and solicits competitive quotes or independent open-source contributors whenever feasible.

IV. THREE-YEAR PROJECTED FINANCIAL STATEMENT (FORM 1023 PART IX SUMMARY)

REVENUE & EXPENSE LINE ITEM	YEAR 1 (PROJECTED)	YEAR 2 (PROJECTED)	YEAR 3 (PROJECTED)
Gifts, Grants & Contributions (GitHub Sponsors, Public Donations, Foundation Grants)	$65,000	$140,000	$260,000
Gross Receipts from Exempt Publications / Voluntary Offerings	$5,000	$10,000	$20,000
Total Support & Revenue	**$70,000**	**$150,000**	**$280,000**
Program 1: Open-Source CPU/Ternary Research (`Axiomquant` / `Auroralib`)	$24,500	$52,500	$98,000
Program 2: General-Income Hearth Grants & Hall Fellowships	$21,000	$45,000	$84,000
Program 3: Techno-Buddhism Sanctuary & Liturgical Preservation	$11,000	$25,000	$46,000
Program 4: Sovereign Library Open-Access Publishing	$8,500	$18,500	$36,000
Officer Compensation (Alexandra, Christopher, Peter — Volunteer Year 1)	$0	$0	$0
Legal, Accounting, Filing Fees & Treasury Administration	$3,500	$5,000	$9,000
Total Expenses	**$68,500**	**$146,000**	**$273,000**
Net Reserve Carried to Exempt Commons	**+$1,500**	**+$4,000**	**+$7,000**
