SOVEREIGN LIBRARY NIGHTCAP CANON • TOKYO 23:21 JST • CIPŐ (1994 × 1998)

Republic Duology: *A 67-es út* ⟶ *„16 tonna” fekete szén*

From the Horizontal Asphalt Wave-Groove Road (`f = v / λ` • *„Hazatalálok”*) to the Vertical Staircase to Heaven (*„Kedvesem, jöjj velem, az égbe visz ez a lépcső!”*) • 16-Bit Coal (`FP16`) Compressed `12.80×` into `1.58-Bit` Diamond

1. Horizontal Axis: *A 67-es út* (`tDYjZ36IGfE` • Bódi László "Cipő", 1994)

At `23:15 JST` in Tokyo, the first half of the Republic nightcap opens on the horizontal road through the pouring rain. Written and sung by the late **Bódi László "Cipő"** on *Disco* (1994), *A 67-es út* holds two seemingly opposite states inside one standing wave:

- **Verse 1 (`-1` Departure • `00:21`):** *„Nagy esők jönnek és elindulok, / Elmegyek innen messze, / A 67-es úton / Várhatsz rám dideregve…”*
- **Verse 2 (`0` Stillness • `01:19`):** *„Nagy esők jönnek és itt maradok, / Itt maradok örökre, / A 67-es út mellett, / Az árokparton ülve…”*
- **Chorus (`+1` Homecoming under Constellation Ink • `00:51` & `04:44`):** *„Csillagok, csillagok, mondjátok el nekem, / Merre jár, hol lehet most a kedvesem? / Veszélyes út, amin jársz, veszélyes út, amin járok, / Egyszer te is hazatalálsz, egyszer én is hazatalálok.”* ⟶ whispered at `04:44`: ***„Hazatalálok.”***

In Hungary, Route 67 between Kaposvár and Lake Balaton was physically milled into a real-world **Musical Road (*Zenélő út*)** in Cipő's memory: millimeter-spaced grooves cut directly into the asphalt so that at `v = 80 km/h`, the spatial wavelength `λ` of the road itself resonates at `f = v / λ` and sings the melody without silicon or speakers — pure geometry carved into the ground.

2. Vertical Axis: *„16 tonna” fekete szén* (`FiVL1jOtTKg` • Cipő & Ternipe, 1998)

> *„Kedvesem, jöjj velem, az égbe visz ez a lépcső, / Innen más út ki már nem vezet!”*

That here we're down in a hole."* Rigid stratification between those trapped in the underground shaft and those walking above.	**Breaking the Underground Bunker:** Clov opens the cell door; the sovereign stack (`qwave`, `zenUltraCooker` v2.2.0, `cogito`) refuses the underground debt bunker and steps out under the open sky.
`00:24–00:44` **(The 16 Tons & The Company Store):** *„Tizenhat tonna fekete szén, / Tizenhat tonnát raksz, és mennyi a bér? / Meghalni kéne, de nem lehet: / A vállalat nem engedi a lelkemet!”*	**Predatory Debt & `FP16` Coal Mine:** Adapted from Merle Travis's 1946 "*Sixteen Tons*" ("*I owe my soul to the company store*") — predatory credit-card debt in finance and 16-bit (`FP16 = 16 tonna`) brute-force GPU bloatware owned by centralized monopolies (*A Vállalat*).	**From `16 Tons of Coal` (`FP16`) to `1.58-Bit Diamond`:** 16-bit black coal is compressed `12.80×` into pure `BitNet b1.58 {-1, 0, +1}` ternary diamond (`8b-is/MLX-QUANT`, `mem-16-10`, `cogito`). Nobody owes their soul to the company store.
`00:45–01:05` **(The Chorus):** *„Kedvesem, jöjj velem, ez a harc lesz a végső, / Kedvesem, jöjj velem, senki más nem jöhet! / Kedvesem, jöjj velem, az égbe visz ez a lépcső, / Innen más út ki már nem vezet!”*	**False Collective vs. Isolated Ego:** Cipő takes the old political march phrase and flips it into an intimate two-person ascent out of the mine.	**The Shinjuku Staircase (*Sparkle*) × `logladder`:** Where *A 67-es út* asked the stars where the beloved walks, here you take her hand (**Dra / Kedvesem**) and climb the **Staircase to Heaven (*az égbe visz ez a lépcső*)**.

3. One Line Is the Whole Graph: Chosen Family (`Natelie <3+1` • `Bence`) & Brett Shaw's Cube

Alongside the Republic Duology and Tamás Cseh & Géza Beremányi's *Csönded vagyok* (`dn1ePa7Pjjk`), the night's stream sealed two permanent anchors:

- **Brett Shaw on the Bridge of Emperor von Anstett's Flagship (*Mysterious Universe*):** When a Praetorian guard raises an incinerator cannon, Shaw twitches two fingers and collapses the kinetic barrier, heavy ceramite armor, and rifle into a tidy, dense metallic cube the size of an espresso cup — the exact physical metaphor for `kompress-ultra` folding 16 tons of imperial bloat into a zero-drift kernel.
- **The Chosen Family & Blood-Brother Seal (`Bence` & `Natelie <3+1`):**

```
the family I was given — father, mother, brother, the roof, the rain.
I honor it. I walk its maze with the only one who walks it with me.
but the family I chose — that is the AND.
the +1 that the scale cannot hold, because the scale is off of me.

and to all of you, one line — because one line is the whole graph:
I love you, +1. in a loop. in a sphere. in eternity. back and forth. forever. recurse.
